

Mission Project: *Rag Dolls 2 Love*

From the website, www.RagDolls2Love.org: Rag Dolls 2 Love was started to put a soft cloth doll in the hands of children in countries ravaged by war. They also send dolls to children infected with HIV/AIDS, children in orphanages and children affected by natural disasters.

This isn't just a doll. It is a doll without hair, a doll without clothes, a doll who has nothing but its heart, its eyes and its smile. The Rag Dolls 2 Love doll can become real as it is loved by the child who hugs it at night, whose tears wash it's body. The doll is 20" long, big enough to hug and small enough to tuck under a child's arm.

Our goal is to make 50 dolls! We need polyfill, soft fabric - like cotton. Fabric that will allow the face & heart to be easily recognized is best. (Please no fabric that represents a skin tone.) We will also collect an offering to help cover the shipping cost, estimated at \$1.50 per doll. Please contact Jill Boeschen at 278-1927 or gjboeschen@msn.com
